Cleveland Cultural Gardens Tour

(June 15, 4:30 – 6:30) Cost: \$15

Transportation will be provided to and from the conference hotel and the cultural gardens. Tour what is perhaps the world's first peace garden. The Gardens embody the history of twentieth-century America. They reveal the history of immigration to, and migration within, the United States. They comment on how we have built communities and constructed our identities as individuals and collectives. The gardens reveal the stories of the major conflicts that gave shape to the century: World War I, World War II, and the Cold War. They also provide insight into the large social, economic, political, and cultural upheavals that roiled through the nation during the last century: the Great Depression, suburbanization, the Civil Rights Movement, and the deindustrialization of America's industrial heartland. The tour will be led by one directors of the Cultural Gardens Federation. To learn more, please visit: <http://www.culturalgardens.org/>
